PROFESSIONAL SUMMARY

Front-End Web Developer - Content Specialist
HTML - CSS - Javascript/jQuery - Content Management

EMPLOYMENT HISTORY

Content Production Specialist, Scentsy, Inc. 2014 - Present
Meridian, ID

In collaboration with web designers, developers, and marketing specialists, I manage web content across various company platforms including our e-commerce sites, informational corporate sites, and consultant workstation (business tools).

Communications Associate, Scentsy, Inc. 2012 - 2014
Meridian, ID

I maintained an online repository of resources for the company's independent consultant salesforce, while also assisting the copywriting team with proofing, editing, and file organization.

Inventory Control Specialist, Best Buy 2011 - 2012
Nampa, ID

Here I processed the shipping, receiving, and staging of merchandise in a fast-paced retail environment. Urgency and accuracy were vital to individual and team success. I also assisted customers with their shopping needs on a daily basis.

Marketing Intern, ObservePoint 2011 - 2011
Provo, UT

I interned under ObservePoint's marketing executive assisting with research related to web analytics and trends relevant to the business. I helped monitor social media accounts and wrote material for the website.

EDUCATION

Bachelor of Science, Communications, Brigham Young University-Idaho, 2010
Certificate, Web Development, BoiseCodeWorks, 2016
